

# C2ER Regional Economic Data Toolkit

The C2ER Regional Economic Data Toolkit brings together four unique datasets designed to help researchers better understand economic development policies and their impact in the United States.

## Cost of Living Index (COLI)

Compare current consumer prices on 60 goods and services in 300+ local areas. Access to historical data is available with a **premium** subscription.

- Includes an overall index, six component indices, and average prices
- Historical data available since 1990 with premium subscription

**BASIC**  
\$495-\$945

**PREMIUM**  
\$995 - \$1,445

## State Business Incentives

Search 1,800+ state administered incentive programs, including detailed profiles on tax credits & exemptions, grant & loan programs, and more.

- Includes data across 15 different key policy areas and four different funding sources
- Historical data available since 2007

**BASIC**  
\$495-\$945

**PREMIUM**  
\$695 - \$1,145

## State Economic Development Expenditures

Examine state government expenditures & investments in economic development programs since 2007 for 15 key policy areas.

- Includes 1,800+ state incentive programs, including detailed profiles on tax credits & exemptions, grant & loan programs, and more

**BASIC**  
\$495-\$945

**PREMIUM**  
\$695 - \$1,145

## Economic Diversity Index

Understand key concepts related to the economic diversity of U.S. counties and identify those with similar economic functions in the regional economy.

- Includes data on the Industrial Diversity, Functional Diversity, Occupational Diversity, and Knowledge Cluster Diversity of counties
- Compares counties based on 14 economic, demographic, and locational variables

**BASIC**  
\$495-\$945

**PREMIUM**  
\$695 - \$1,145

## FULL TOOLKIT

## FULL TOOLKIT

**BASIC**  
Access to Web Application  
\$990 - \$1,890

**PREMIUM**  
Basic + Full Data Download  
\$1,540- \$2,440

Note: Price ranges are based on the number of full-time students.
