Application Programming Interface

The New Jersey AI Assistant

- Prompts are confidential
- Training on responsible AI use
- Privacy, security, and best practices

NJ Advanced AI

This is an internal generative artificial intelligence chatbot for use by NJ state employees and authorized parties, using Amazon Bedrock.

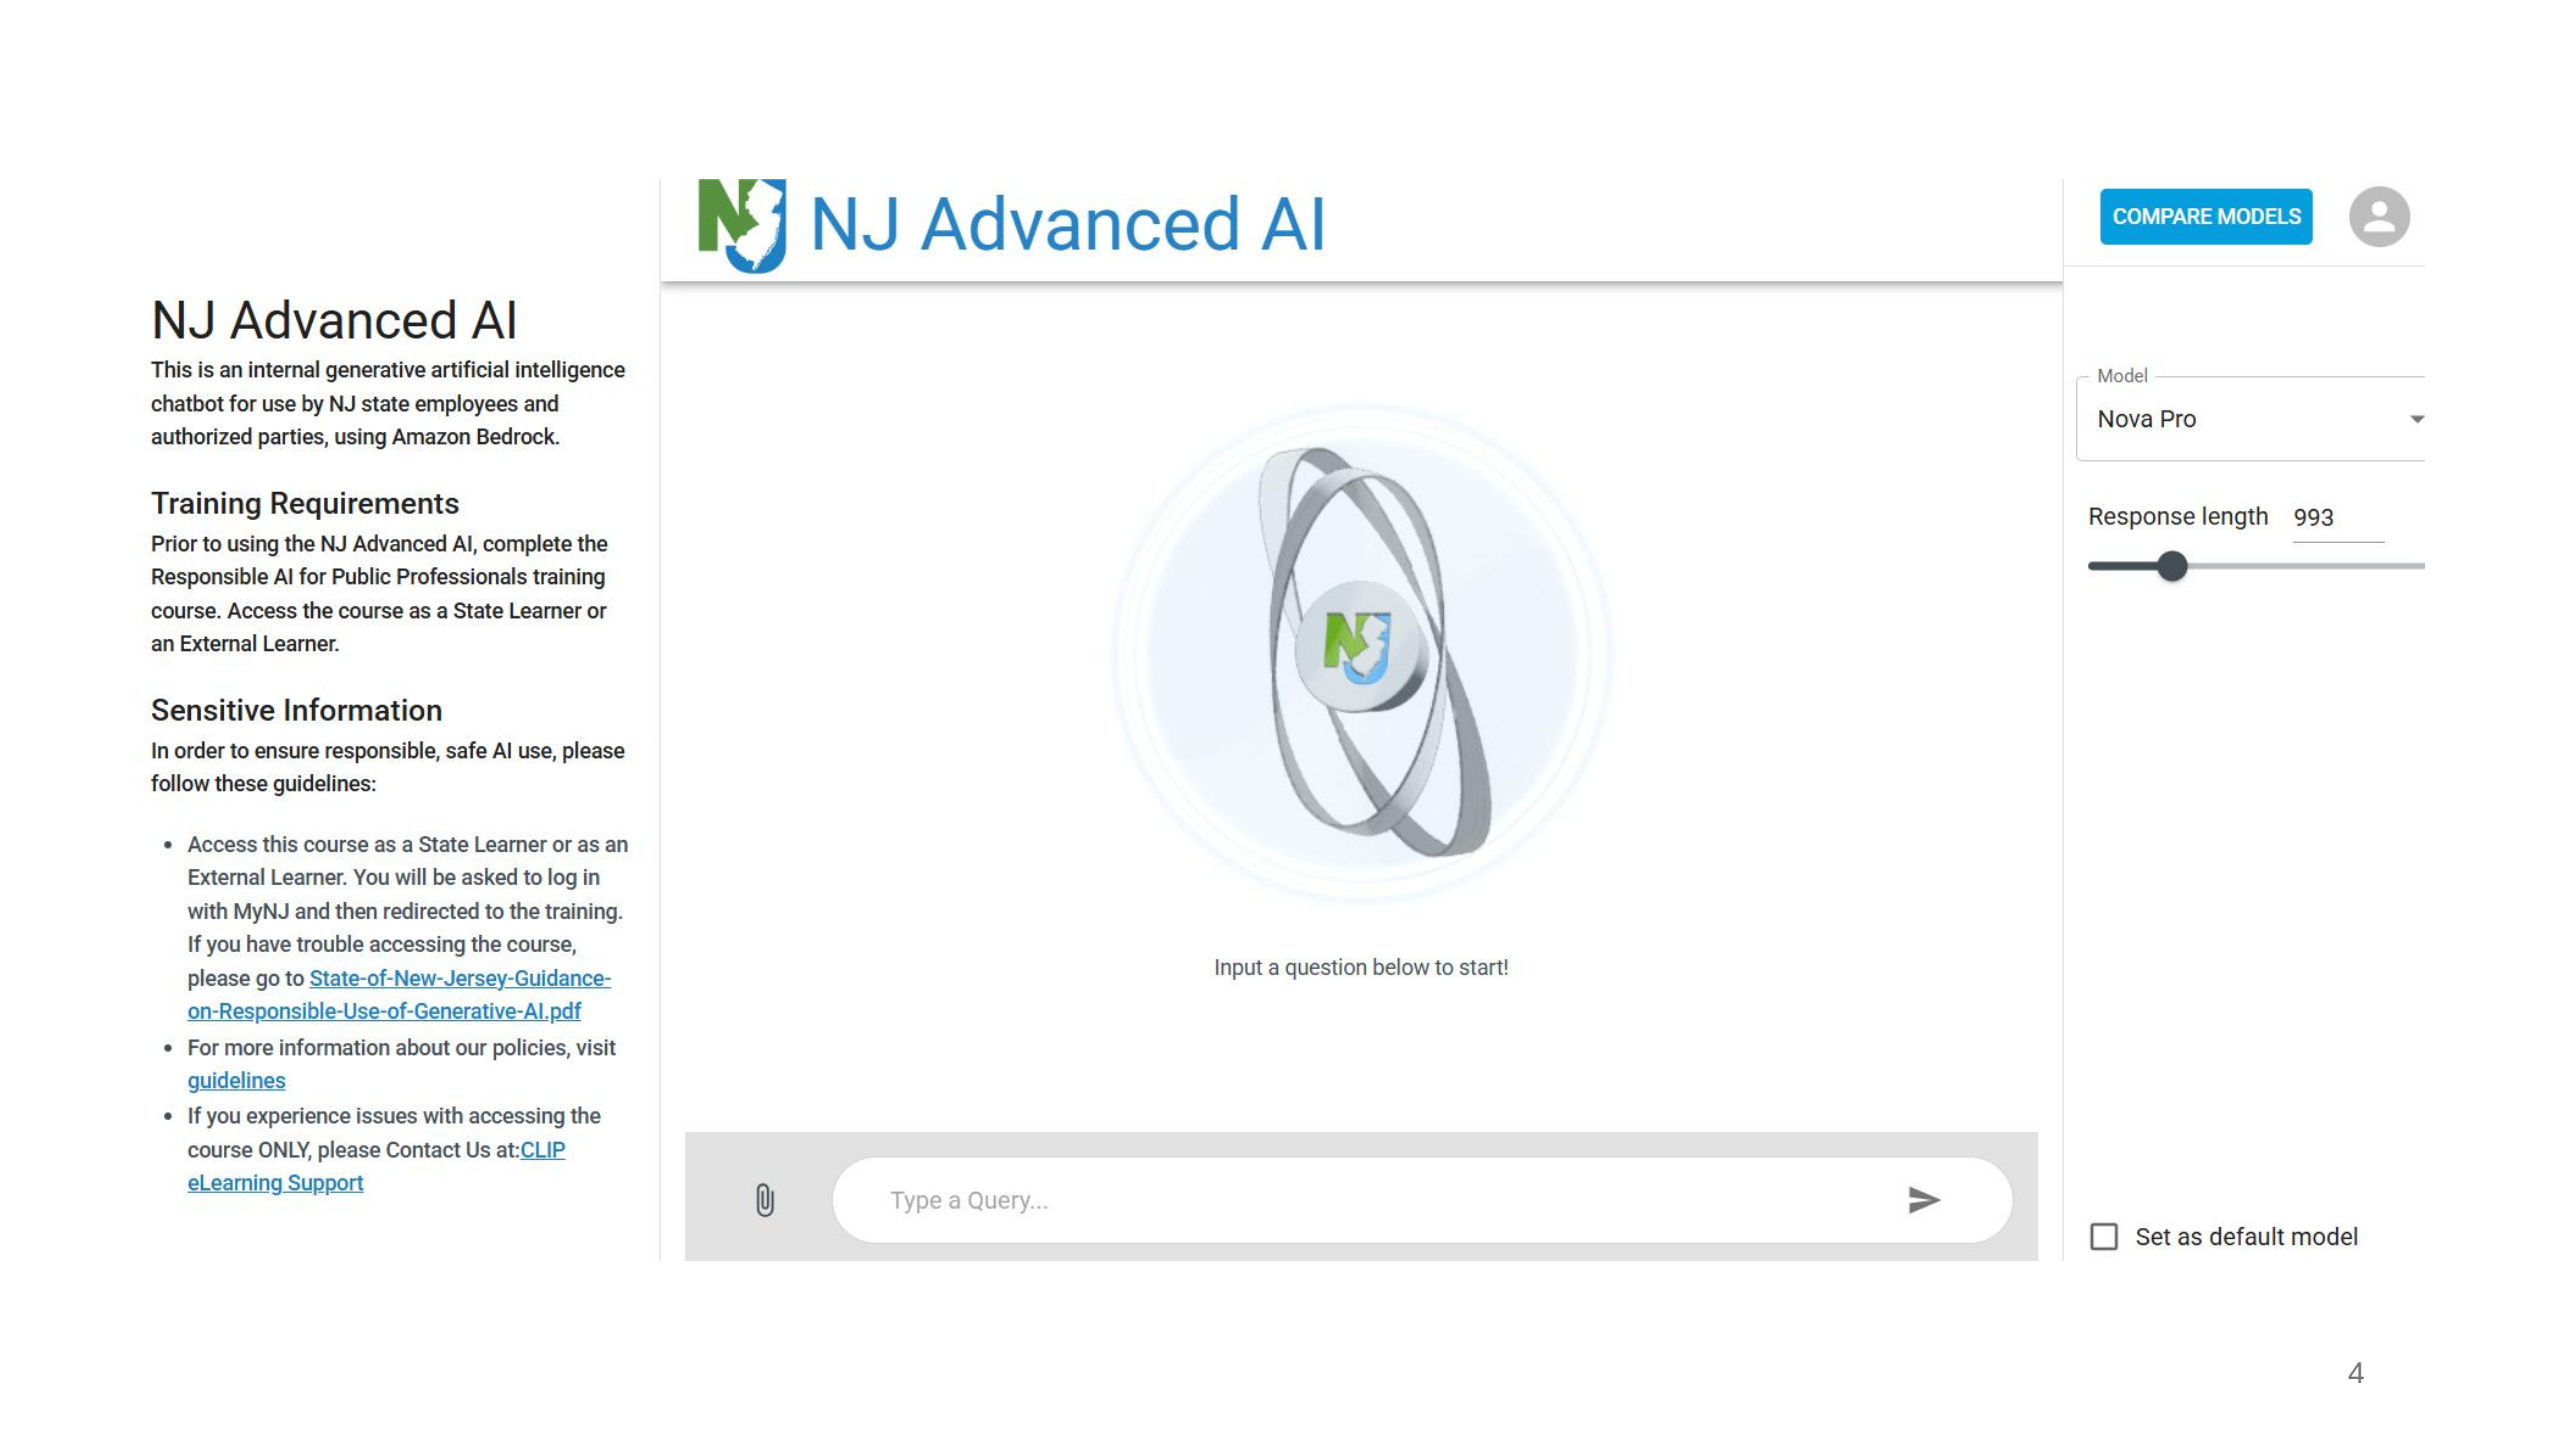
Training Requirements

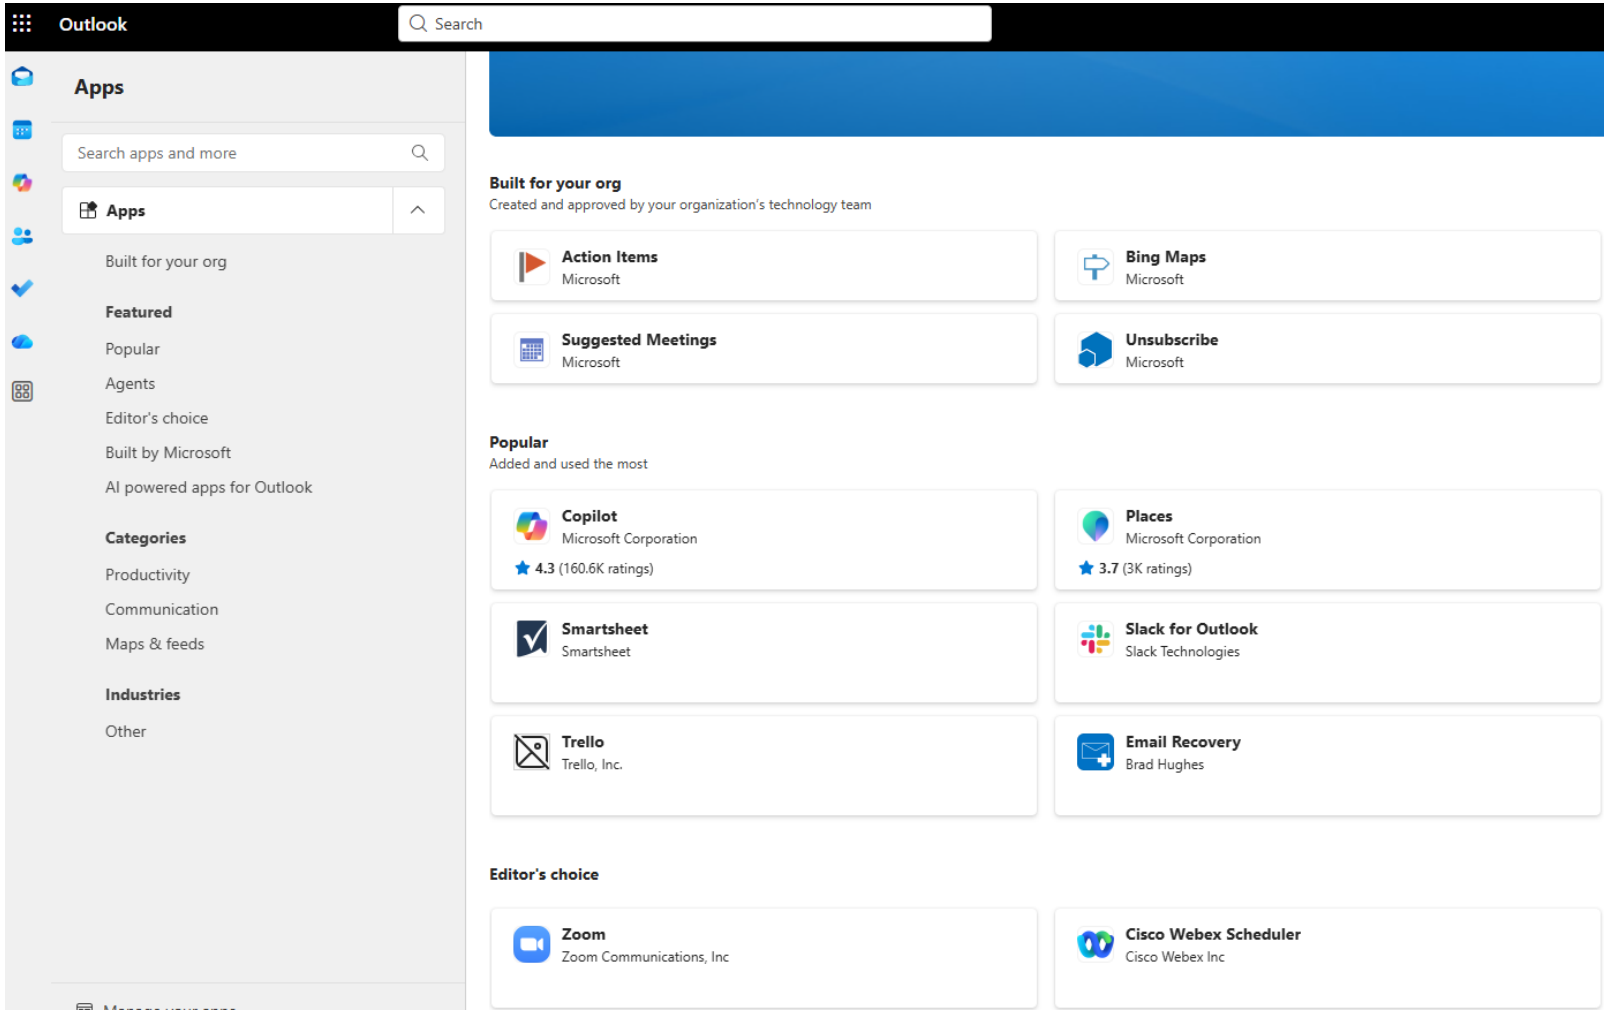
Prior to using the NJ Advanced AI, complete the Responsible AI for Public Professionals training course. Access the course as a State Learner or an External Learner.

Sensitive Information

In order to ensure responsible, safe AI use, please follow these guidelines:

- Access this course as a State Learner or as an External Learner. You will be asked to log in with MyNJ and then redirected to the training. If you have trouble accessing the course, please go to State-of-New-Jersey-Guidance-on-Responsible-Use-of-Generative-AI.pdf
- For more information about our policies, visit guidelines
- If you experience issues with accessing the course ONLY, please Contact Us at:CLIP eLearning Support





Microsoft 365

Create a Microsoft Forms

- Go to **forms.office.com**
- The system automatically compiles the responses and displays the results in charts.
